

# Nor-Tech Announces Cost-Effective Lenovo Laptops, 2-in-1s, Tinies, Tablets, Chromebooks for Schools

*Nor-Tech just announced a complete line of high-quality, cost-effective Lenovo*

MINNEAPOLIS, MINN., UNITED STATES, June 7, 2018 / -- Nor-Tech just announced a complete line of high quality, cost-effective Lenovo laptops, Chromebooks, 2-in-1s and tinies for schools. This is in addition to a complete leading-edge Lenovo virtual reality (VR) package for classrooms. Nor-Tech also offers HP technology for schools and customizes-to-spec with its own cost-effective Voyager desktops.

Lenovo's VR Classroom is the first, all-in-one, ergonomically optimized, high-performance VR classroom system that includes the tools, content, and processes to provide effective, hands-on learning to ignite the classroom experience for both students and teachers.

With state-of-the-art technology and award-winning content from Google Expeditions, The Wild Immersion, Scholastic and other industry-leading providers, the system is backed by Lenovo's premier support and school-year warranty.

Lenovo technology for schools is rugged, reliable, and cost-effective—delivering years of uninterrupted performance. Lenovo products offer superior processing and graphic quality, cutting-edge touchscreen technology and exceptional battery life. Just as important, everything is backed by the Lenovo reputation for excellence and Nor-Tech's famous customer service.

Nor-Tech Executive Vice President Jeff Olson said, "We have been working closely with Lenovo for nearly two decades in an effort to provide the best possible technology at the best possible price. Nor-Tech and Lenovo share the same dedication to quality, performance and value." The technology Nor-Tech provides to classrooms is:

- Designed for teachers: Easy to operate, rugged, intuitive to use, and easy for students to engage.
- Optimized for an efficient learning experience.
- Powerful: Fast start-up and file upload.
- Flexible: Moves easily from environment to environment.
- Sturdy: Built to survive the day-to-day mishaps that occur in classrooms.
- Expandable and Clone-able: Nor-Tech's Voyager desktops are easy to upgrade, expand and duplicate.

"In addition to the quality and performance of the equipment and competitive pricing, we have developed a solid reputation for outstanding customer service," Olson said. "Schools trust us to deliver the most sensible, cost-effective technology for the application on time, every time."

Nor-Tech is on CRN's list of the top 40 Data Center Infrastructure Providers along with IBM, Oracle, Dell, and Supermicro; and is a cluster builder for 2015 and 2017 Nobel Physics Award-winning projects. Nor-Tech engineers average 20+ years of experience. This strong industry reputation and deep partner relationships also enable the company to be a leading supplier of cost-effective desktops, laptops, tablets and Chromebooks to schools and enterprises. All of Nor-Tech's technology is made by Nor-Tech in Minnesota and supported by Nor-Tech around the world. The company has been in business since 1998 and is headquartered in Burnsville, Minn. just outside of Minneapolis.
