Lenovo™ ThinkCentre M715q Thin Client

DO MORE WITH LESS

Combining power with energy efficiency, the sleek M715q Thin Client punches way above its weight. Built with productivity in mind, it’s powered by the latest AMD processors and is virtualization- and cloud-ready. Easy to set up and use, it also comes with an intelligent thin-client management tool to help simplify things.

WHY YOU SHOULD BUY THE LENOVO™ THINKCENTRE M715q Thin Client

Powerful and future-proof
With the latest generation of AMD PRO 3.0 processors drawing on 35W of power and backed by 4G DDR4 memory, the ThinkCentre M715q Thin Client delivers the power to meet your business needs now—and in the future.

More Than a PC
The Windows 10 IoT-powered ThinkCentre M715q Thin Client can do everything a full-fledged PC can do—from data analytics to video conferencing. And by enabling you to access files, apps, and services through the cloud, it gives your business more freedom and flexibility.

Intuitive and Intelligent
Included as standard with every ThinkCentre M715q Thin Client is Lenovo Thin Client Manager. This intelligent software is an invaluable tool for managing thin clients. Whether it’s upgrading desktop or assigning users roles, you can do so quickly and easily—all from one place.

Go Green, Save Green
The ThinkCentre M715q Thin Client is certified to run industry-leading desktop and app virtualization software, including Citrix, Citrix HDX, and VMware Horizon. By running multiple virtual machines on a single physical machine, your business can reap many benefits, including a smaller energy footprint and cost savings.

Here to Help
Machine Type Model, or MTM. Custom to Order, or CTO. Just some of the ways that we can help to ensure that you purchase the right thin clients for your business. We can also help you with roll-out, maintenance, and further down the line, refresh.

THE LENOVO™ THINKCENTRE M715q Thin Client IS BEST SUITED FOR?

1 Progressive IT decision makers who recognise technological performance as integral to empowering their business
2 Busy professionals requiring desktop-standard performance with plenty of horsepower and upgrade options
3 IT managers who value the agility to extend and replace components as resource requirements evolve
Lenovo™ ThinkCentre M715q Thin Client

GreenGuard

RECOMMENDED SERVICES
Lenovo offers a comprehensive portfolio of services to support and protect your investment. Succeed with substance and let Lenovo Service support you all the way.

PRIORITY TECHNICAL SUPPORT
Makes your priority, our priority. 24 x 7 priority call routing to advanced-level technicians, electronic incident tracking, and escalation management services.

WARRANTY UPGRADES—ON-SITE AND NEXT BUSINESS DAY
Maximizes PC uptime and productivity by providing convenient and fast repair service at your place of business.

WARRANTY EXTENSIONS (1-3 YEARS TOTAL DURATION)
This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment, and lower the cost of ownership over time.

ACCIDENTAL DAMAGE PROTECTION
Avoid the hassle of unexpected repair costs. Provides coverage for non-warranty damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

KEEP YOUR DRIVE
Retain your drive if it should happen to fail, giving you the peace of mind knowing that your valuable data is secure.

ASSET TAGGING
Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.
