Getac

RUGGED FOR EMERGENCY RESPONSE TEAMS

Since 1989, Getac has manufactured rugged computers for some of the most demanding users in the harshest environments. Our goal is to provide the absolute best public safety laptops and tablets, able to withstand the kind of abuse emergency service professionals deal with daily.

From surviving drops, shocks, spills, vibration and extreme temperatures, Getac products are engineered to solve the everyday challenges that public safety teams encounter on the job. No other computer manufacturer offers this type of service.

PRODUCTS BUILT FOR PUBLIC SAFETY

V110
11.6" Fully Rugged Convertible

The V110 fully rugged convertible notebook is the best convertible we've ever made. It features a large 11.6" widescreen display and a design that is as thin and light as ever, quickly transforming from notebook to tablet as needed.

F110
11.6" Fully Rugged Tablet

The F110 features a large 11.6" widescreen display and a thin and light design. This is the perfect tablet for docking in a forklift or scanning barcodes during order fulfillment.

K120
12.5" Fully Rugged Tablet

From its multi-functional tablet hard handle, attachable full-size backlit keyboard, to a wide variety of straps and harnesses, the K120 can adapt to all your needs indoors and in the field through a variety of usage modes and an extensive selection of accessories.

S410
14" Semi-Rugged Tablet

This workhorse is great for the in-vehicle environment with 14" sunlight-readable display and a temperature tolerance range of -5°F to 140°F. Add an integrated FIPS-compliant fingerprint reader to meet 2FA requirements.
